# **CB** Mission

**Community Benefits Mission Statement:** Heywood Hospital is dedicated to the community benefit goals of improving the health status of our community, addressing the special health needs of the underserved and collaboration with others to enhance quality and contain the growth of community healthcare costs.

## **Target Populations:**

Name of Target Population	Basis for Selection
Committed to addressing health disparities that exist in our region and improving access to care for populations adversely affected by social determinants of health especially populations living in poverty, ethnic and linguistic minorities, disadvantaged youth, veterans, and elders and their caregivers. Priority Health Issues identified are: Mental Health and Substance Abuse; Suicide Prevention; Chronic Disease and related risk factors; Nutrition Issues including Obesity and food insecurity.	Community Health Needs Assessment quantitative and qualitative data

## Hospital/HMO Web Page Publicizing Target pop.: www.heywood.org

#### Key Accomplishments of Reporting Year:

- Provided nutrition education to 159 individuals through cooking classes, shopping tours and interactive presentations promoting wellness and chronic disease management.
- Robust partnership with the Gardner and Ashburnham schools offering nutrition education and physical activities to over 400 elementary students and provided food assistance to 95 low-income and at-risk youth through a weekend backpack food program.
- Provided health information about heart disease and diabetes to over 635 individuals by participating at community health fairs and events at venues reaching vulnerable populations.
- Promoted chronic disease self management to over 260 individuals through workshops promoting self care techniques such as meditation and Reikki.
- Lead several multi-sector coalitions and actively participated on community boards and committees to collaboratively address community health needs and gaps in services.
- Provided insurance information and enrollment assistance to 2,821 individuals reducing financial barriers to accessing healthcare.
- Offered free psychosocial support to 79 community members looking for information on issues related to housing, food, transportation, behavioral and substance abuse.
- Assisted and paid for guardianship services for 19 patients who did not have the means to pay.
- Mentorship and internship opportunities provided to 310 students pursuing careers in healthcare.
- 6 grants totaling \$59,960 provided to local organizations to fund programs that are in line with the hospital's community benefit areas of focus and reach the targeted population.

**Plans for Next Reporting Year:** In 2015, we completed a community health needs assessment that helped determine the community benefit programming for 2016-2018. Heywood Hospital's remains committed to addressing health disparities that exist in our region improving access to care targeting populations adversely affected by socio-economic conditions and abuse and maltreatment especially low income individuals and families, school children, elderly, minority, veterans, disabled and vulnerable populations. Priority Health Issues identified are: Mental Health and Substance Abuse; Suicide Prevention; Tobacco Use; Chronic Disease; Obesity and Food Insecurity; and Primary Care/ Wellness.

# **Community Benefits Process**

**Community Benefits Leadership/Team:** Heywood Hospital's community benefit leadership team is a 13 member Community Investment Committee (CIC), comprised of internal hospital leaders, community members, CHNA 9, MA Department of Public Health and external stakeholders representing the minority community, schools, and local businesses. Meetings are staffed by the VP of External Affairs. The Community Health Needs Assessment and related Community Benefit Plan goals and activities are shared with the Board of Trustees for approval.

**Community Benefits Team Meetings:** Formal Meetings of the CIC are held quarterly. Periodic meetings are held between the Community Benefits Manager and the program leads. Updates are provided at the Hospital's senior leadership meetings with feedback incorporated for program expansion and improvement. Members of the management team actively participate on various community agency boards, coalitions and committees, which assists in identify community needs and facilitates new ideas and community collaborations to address the issues.

**Community Partners:** Heywood's approach to Community Benefits is to actively participate on and collaborate with cross sector coalitions, healthcare and behavioral health providers, community and faith based organizations and businesses to develop and implement our plan, goals and strategies. Partners include: CHNA9; Montachusett Public Health Network; Gardner Area Interagency Team (GAIT); Suicide Prevention Task Force; Regional Behavioral Health Collaborative; Minority Health Coalition; Health Disparities Collaborative; Community Health Connections FQHC; GVNA Healthcare; Community Health Link; LUK, Inc; AED Foundation; SHINE Initiative; Gardner Community Action Team (GCAT); and Montachusett Opioid Prevention Coalition (MOPC); Gardner Religious Council; Unitarian Church; Gardner CAC; HOPE House; Peoples Place Tobacco Cessation Group; Gardner, Ashburnham, Winchendon and Westminster Public School Districts; Montachuset Vocational Technical High School; The Winchendon School; Mount Wachusett Community College; Fitchburg State University; Framingham State University; University of New Hampshire; Bates College; Gardner Rotary Club; Hannaford Supermarkets; Gardner News.

**Community Health Needs Assessment:** The target needs and populations for Heywood Hospital's 2015 Community Benefit initiatives were identified through a 2011 Community Health Assessment conducted in partnership by the CHNA 9, the Joint Coalition on Health and the Minority Coalition of North Central Massachusetts. Additionally, the Heywood Healthcare Board of Trustees was integral in the development and support of identified initiatives.

**Date Last Assessment Completed and Current Status:** During 2015 an updated Community Health Assessment of North Central MA (CHA) was conducted, including the greater Gardner area served by Heywood Hospital. The assessment report was released in 2015 and Hospital staff and community partners presented the findings at various venues to community members, stakeholders, and partners. **Hospital staff, community partners and the community benefit's leadership team analyzed the data and identified priority areas and developed a board approved implementation strategy to address the needs. The Assessment and Implementation Plan are posted on the hospitals website at** <u>www.heywoodhospital.org</u>. The CHNA 9, Athol Hospital, Heywood Hospital, and Health Alliance Hospital are in the process of developing a Community Health Improvement Plan (CHIP) in response to the CHA. The CHIP will align hospital efforts with other work being done in the region, leverage cross sector resources and expertise in the community, and maximize the impact to improve population health. The targeted population and priority areas of Heywood Hospital's 2016-2018 Community Benefit plan fits within this larger community context.

**Consultants/Other Organizations:** Health Assessment partners include Heywood Healthcare (Athol and Heywood Hospitals), Health Alliance Hospital, Community Health Connections FQHC, The Joint Coalition

on Health, and the Montachusett Public Health Network. The Center for Health IMPACT (formerly known as the Central Mass. AHEC) was subcontracted with for the quantitative and qualitative data analysis and to prepare the report.

#### **Data Sources:**

<u>Quantitative Data</u> sources included: MassCHIP; CDC Behavioral Risk Factor Surveillance System (BRFSS); U.S. Census Data and American Community Survey; MA Dept of Education; MA Dept of Workforce Development; MA Dept of Corrections; Tufts Foundation "Healthy Aging Report; Athol Community Assessment; MPHN 2014 Community Assessment; North Quabbin Community Assessment.

<u>Qualitative data</u> included focus groups and/or interviews with the diverse communities and populations of North Central Ma, they included: Study Partners, Westwinds Clubhouse; North Quabbin Community Coalition; Veterans Homestead Inc; 15 West Teen Coffeehouse; Clinton Hospital; Montachusett Opportunity Council; New Hope Baptist Church; Hope Center; Fitchburg Senior Center; Goodrich Academy Alternative High School; and Regional Behavioral Health Collaborative.

# **Community Benefits Programs**

## Priority Area: Nutrition Services

#### Program Type: Community Education

**Statewide Priority:** Promoting Wellness of vulnerable populations, Chronic Disease management in disadvantaged populations

**Brief Description or Objective:** Nutrition educations focuses on helping individuals understand the role of good nutrition in the prevention and management of chronic conditions. Families and individuals participate in community educational events including cooking classes, supermarket shopping tours, presentations and information designed to give participants the tools to make healthy nutrition choices. **Target Population:** *Regions Served-* Greater Heywood Service Area

Goal Description	Goal Status
Radiology Department supports a year-long internship for Senior High school students from Naragansett and Oakmont High School to explore a career in Radiologic Technology. Students are exposed to a wide variety of services offered by the department including XRAY, CAT scan, ultra sound and mammography.	1 student/ semester participated for a total of 4 students and 585 hours shadowing hospital technologists. One student decided to go on to college to pursue a career in radiology and was accepted into the 4 colleges she applied to.
Radiology Department serves as a clinical education site for first year and second year Radiologic Technology students enrolled at Quinnsigamond Community College.	5 students were precepted for a total 2080 hours. This is a qualifying experience for students to be eligible to sit for the federal ARRT exam and MA State licensure. All students were eligible to sit for and passed the exam and one of these students was hired.
Nursing Department serves as a clinical site for nursing students enrolled at Monty Tech Vocational High School, Mount Wachusett Community College, and Fitchburg State University. Nursing students rotate through Inpatient, Emergency Room, Geri-psych Unit, and Mental Health Unit.	Approx. 300 students rotated through. Staff spent 140 hours working with these students over the course of the year. The experiences students gain through this clinical rotation fulfills a requirement to graduate nursing school.
Nutrition Department provides internship and work-study opportunities for Dietetic students attending Framingham State University and University of New Hampshire. The dietetic internship provides a 17 week rotation for students to observe counseling skills and nutrition care planning for a variety of health conditions.	1 FSU student 17 week internship worked alongside nutrition preceptor for 274 hours. This student gained knowledge on conducting patient nutrition assessments, care planning and nutrition education. Participated in chart multidisciplinary team meetings and chart documentation cosigned by R.D. The clinical internship fulfilled student's requirements to be eligible to take the RD exam.
Philanthropy Department hosts summer work study for Bates Students to explore and gain knowledge of hospital administration and population health management.	Three students worked for 140 hours. Projects completed included a review of community health assessment data and assisting with identifying priority areas specific to each community and the

		egion. Created materials to market and raise unds to expand the back pack program.
