Publication of Target Populations: Marketing Collateral, Website
Key Accomplishments of Reporting Year:

- Provided nutrition education to 159 individuals through cooking classes, shopping tours and interactive presentations promoting wellness and chronic disease management.
- Robust partnership with the Gardner and Ashburnham schools offering nutrition education and physical activities to over 400 elementary students and provided food assistance to 95 low-income and at-risk youth through a weekend backpack food program.
- Provided health information about heart disease and diabetes to over 635 individuals by participating at community health fairs and events at venues reaching vulnerable populations.
- Promoted chronic disease self management to over 260 individuals through workshops promoting self care techniques such as meditation and Reikki.
- Lead several multi-sector coalitions and actively participated on community boards and committees to collaboratively address community health needs and gaps in services.
- Provided insurance information and enrollment assistance to 2,821 individuals reducing financial barriers to accessing healthcare.
- Offered free psychosocial support to 79 community members looking for information on issues related to housing, food, transportation, behavioral and substance abuse.
- Assisted and paid for guardianship services for 19 patients who did not have the means to pay.
- Mentorship and internship opportunities provided to 310 students pursuing careers in healthcare.
- 6 grants totaling $59,960 provided to local organizations to fund programs that are in line with the hospital’s community benefit areas of focus and reach the targeted population.

Plans for Next Reporting Year: In 2015, we completed a community health needs assessment that helped determine the community benefit programming for 2016-2018. Heywood Hospital’s remains committed to addressing health disparities that exist in our region improving access to care targeting populations adversely affected by socio-economic conditions and abuse and maltreatment especially low income individuals and families, school children, elderly, minority, veterans, disabled and vulnerable populations. Priority Health Issues identified are: Mental Health and Substance Abuse; Suicide Prevention; Tobacco Use; Chronic Disease; Obesity and Food Insecurity; and Primary Care/ Wellness.

Community Benefits Process

Community Benefits Leadership/Team: Heywood Hospital’s community benefit leadership team is a 13 member Community Investment Committee (CIC), comprised of internal hospital leaders, community members, CHNA 9, MA Department of Public Health and external stakeholders representing the minority community, schools, and local businesses. Meetings are staffed by the VP of External Affairs. The Community Health Needs Assessment and related Community Benefit Plan goals and activities are shared with the Board of Trustees for approval.
**Community Benefits Team Meetings:** Formal Meetings of the CIC are held quarterly. Periodic meetings are held between the Community Benefits Manager and the program leads. Updates are provided at the Hospital’s senior leadership meetings with feedback incorporated for program expansion and improvement. Members of the management team actively participate on various community agency boards, coalitions and committees, which assists in identify community needs and facilitates new ideas and community collaborations to address the issues.

**Community Partners:** Heywood’s approach to Community Benefits is to actively participate on and collaborate with cross sector coalitions, healthcare and behavioral health providers, community and faith based organizations and businesses to develop and implement our plan, goals and strategies. Partners include: CHNA9; Montachusett Public Health Network; Gardner Area Interagency Team (GAIT); Suicide Prevention Task Force; Regional Behavioral Health Collaborative; Minority Health Coalition; Health Disparities Collaborative; Community Health Connections FQHC; GVNA Healthcare; Community Health Link; LUK, Inc; AED Foundation; SHINE Initiative; Gardner Community Action Team (GCAT); and Montachusett Opioid Prevention Coalition (MOPC); Gardner Religious Council; Unitarian Church; Gardner CAC; HOPE House; Peoples Place Tobacco Cessation Group; Gardner, Ashburnham, Winchendon and Westminster Public School Districts; Montachuset Vocational Technical High School; The Winchendon School; Mount Wachusett Community College; Fitchburg State University; Framingham State University; University of New Hampshire; Bates College; Gardner Rotary Club; Hannaford Supermarkets; Gardner News.

**Community Health Needs Assessment:** The target needs and populations for Heywood Hospital’s 2015 Community Benefit initiatives were identified through a 2011 Community Health Assessment conducted in partnership by the CHNA 9, the Joint Coalition on Health and the Minority Coalition of North Central Massachusetts. Additionally, the Heywood Healthcare Board of Trustees was integral in the development and support of identified initiatives.

**Date Last Assessment Completed and Current Status:** During 2015 an updated Community Health Assessment of North Central MA (CHA) was conducted, including the greater Gardner area served by Heywood Hospital. The assessment report was released in 2015 and Hospital staff and community partners presented the findings at various venues to community members, stakeholders, and partners. Hospital staff, community partners and the community benefit’s leadership team analyzed the data and identified priority areas and developed a board approved implementation strategy to address the needs. The Assessment and Implementation Plan are posted on the hospitals website at [www.heywoodhospital.org](http://www.heywoodhospital.org). The CHNA 9, Athol Hospital, Heywood Hospital, and Health Alliance Hospital are in the process of developing a Community Health Improvement Plan (CHIP) in response to the CHA. The CHIP will align hospital efforts with other work being done in the region, leverage cross sector resources and expertise in the community, and maximize the impact to improve population health. The targeted population and priority areas of Heywood Hospital’s 2016-2018 Community Benefit plan fits within this larger community context.

**Consultants/Other Organizations:** Health Assessment partners include Heywood Healthcare (Athol and Heywood Hospitals), Health Alliance Hospital, Community Health Connections FQHC, The Joint Coalition
on Health, and the Montachusett Public Health Network. The Center for Health IMPACT (formerly known as the Central Mass. AHEC) was subcontracted with for the quantitative and qualitative data analysis and to prepare the report.

**Data Sources:**

**Quantitative Data** sources included: MassCHIP; CDC Behavioral Risk Factor Surveillance System (BRFSS); U.S. Census Data and American Community Survey; MA Dept of Education; MA Dept of Workforce Development; MA Dept of Corrections; Tufts Foundation “Healthy Aging Report; Athol Community Assessment; MPHN 2014 Community Assessment; North Quabbin Community Assessment.

**Qualitative data** included focus groups and/or interviews with the diverse communities and populations of North Central Ma, they included: Study Partners, Westwinds Clubhouse; North Quabbin Community Coalition; Veterans Homestead Inc; 15 West Teen Coffeehouse; Clinton Hospital; Montachusett Opportunity Council; New Hope Baptist Church; Hope Center; Fitchburg Senior Center; Goodrich Academy Alternative High School; and Regional Behavioral Health Collaborative.

**Community Benefits Programs**

*Priority Area: Nutrition Services*

*Program Type:* Community Education

*Statewide Priority:* Promoting Wellness of vulnerable populations, Chronic Disease management in disadvantaged populations

*Brief Description or Objective:* Nutrition educations focuses on helping individuals understand the role of good nutrition in the prevention and management of chronic conditions. Families and individuals participate in community educational events including cooking classes, supermarket shopping tours, presentations and information designed to give participants the tools to make healthy nutrition choices.

**Target Population: Regions Served** - Greater Heywood Service Area

*Health Indicator* - Nutrition, Diabetes, Cardiac Disease

**Cooking Classes:** An interactive and fun way to translate complex nutrition information into everyday low cost, practical and healthy meals. Each nutrition and cooking class features a nutrition lecture by a registered dietitian and live cooking demonstration offered in a community based group setting. The program reaches vulnerable groups including low income children, families and veterans.

- Four cooking classes offered at Stallings Campus Veterans Outreach with 43 male veterans participating.

- Happy Eats cooking and nutrition class for kids and families met four times with 20 participants. Children and families tasted new recipes and learned healthy cooking techniques.

- Cooking/nutrition class offered to 18 women at the Baldwinville Church Women’s Groups.

At each of the cooking classes, participants learned healthful cooking techniques and expressed ways they would incorporate into their home preparation. At the Veterans Campus, A garden was also built for participants to use the vegetables in their menu planning.
**Shopping Tour and Healthy Meal Planning** - Healthy meal planning and shopping tours provided to community groups incorporates practical suggestion on how to eat healthy on a budget, understanding food labels or finding foods that support a healthy diet and certain dietary requirements.

Nutrition workshop held for girl scout troop. From this 4 hour nutrition workshop, 7 girls earned the Healthy Meal Planning badge.

-Hannaford shopping tour for 12 elementary school parents and their children. While the parents participated with the R.D. on label reading and had specific questions about the foods they purchased answered, the children tasted new food items and had a scavenger hunt for healthy foods in the store.

**Presentations** - Provided by a Registered Dietitian these presentations are offered to adults with chronic conditions. Focuses on the role good nutrition can have on the management and slowing the progression of the disease.

-Healthy Heart offered 11 times and reached 55 individuals at the cardiac rehab.
-Nutrition and COPD- offered to 4 participants at the better breathers club
-Insulin Forward Diabetes Education provided to 3 participants. Pre and post tests measured participant’s knowledge gained on the actions and benefits of insulin.

</table>
puppet show participated in this fun introductory session of identifying healthy snack alternatives.

**Project LEAP**: Nutrition and physical activity program for early elementary aged students.

Kindergarten and first grade students at Ashburnham Briggs Elementary School participate in fun interactive activities that expose them to healthy foods and learn about food groups.

**Back Pack Program**: A back pack of kid friendly and healthy food items are given out on Friday for the weekend when kids are likely to be most hungry. The food is discreetly and conveniently distributed at the school.

50 low income third grade students that attend the Gardner Public Schools benefited from the back pack program. 2100 food bags were distributed. In addition to helping children with having enough food on the weekend and not coming to school hungry on Monday, the school administration expressed it building a connection between the families and the school.

Grant funds. Plans have been made to continue these services beyond the grant.

**Gardner Public Schools** for drug prevention programming and raise awareness to students and families about the dangers of smoking, alcohol, and drug use.

A resource event was held for elementary students and families with information on the dangers of drugs and alcohol. A parent presentation was given by another parent who had gone through the loss of child to drug abuse on how to communicate with their children about drug and alcohol use. Teachers and staff at the middle and high school level received tools and resources to provide drug prevention programs in the classroom.

**LUK Crisis Center** to increase capacity of the region to deliver the evidence-based “All Stars” curriculum focused on substance abuse prevention. Also to raise awareness among youth in the region about alternative healthy activities rather than engaging in risky behaviors.

20 professionals from 12 service providers in the Greater Heywood Service were trained on the “All Stars” curriculum.

With the Heywood grant funds, Luk was able to provide national Night Out activities in three towns within the Hospital catchment area. Over 600 youth participated in the events and learned about youth substance abuse prevention resources.

**Noonday Farm Inc.** to provide organic produce to low income families.

$10,000 worth of produce was distributed to low income families in Winchendon reducing the financial burden and supporting a healthy diet for families.

**CHNA 9** to disburse mini-grants to community-based agencies that will support the hospital’s community benefit priority areas.

15 mini-grants totaling $25,668 were provided to agencies serving the region. Priority areas addressed through these grants were behavioral and substance use, youth development, healthy living, and chronic disease self-management. The programs had a focus on health equity targeting disadvantaged groups such as low income children and families, developmentally disabled, and Latinos.
